

KIESEL BELIEVES UTAH WILL WIN

Says it Can Beat Other States in
Display at Irrigation
Congress.

WILL CHALLENGE FOR CUP.

Ogden Choir May Attend to Sing Irrigation Ode and Give Concerts
As at Portland.

Hon. Fred J. Kiesel of Ogden was in Salt Lake today to see the members of the state board of horticulture and to ascertain what they could do officially to get Utah to go out after the Senator W. A. Clark 1906 silver cup that was carried off by Idaho at the irrigation congress a few days ago. He says he cares nothing for the claim that the cup has gone into permanent ownership in Idaho and cannot now be challenged for. He adds further that it will be and that if Idaho will not accept, it must confess that it is afraid to do so. In the event that it does not a new cup will doubtless be offered, but what Utah can get, he believes, and what it would like would be the Clark cup.

MUST DO ITS BEST.

Mr. Kiesel says that the state board of horticulture will arrange for a complete and magnificent display of fruits, grains and vegetables of various kinds, including sugar beets to be shown at the irrigation congress in Boise in September, and that he thinks there is no question about Utah being able to best all the other states in a competitive exhibit. All it needs to do, he declares, is to do its best.

MAY TAKE CHAIR.

Mr. Kiesel adds that the matter of taking the Ogden Tabernacle choir to Boise during the congress, to sing the irrigation ode, and to give concerts at Portland, has been taken up and that he anticipates success in the venture as on last year, though he admits that the undertaking will be a hard and costly one.

SUPPLEMENTAL CALL.

A supplemental call will be issued in the course of the next few days that will be of particular interest to all persons watching the growth of the congress which is expected to do big things this year.

PROF. MEAKIN HOME.

Reports Having Had Pleasant Trip
Through Eastern Cities.

After a six months' sojourn in the east, where he spent the greater portion of his time defending Utah and her people, John P. Meakin has returned to Salt Lake. Mr. Meakin visited many of the large cities of the country, including New York, Philadelphia, Boston, Cleveland, Washington, and Providence, where he delivered lectures on "Utah and the Mormons." In addition to twenty-six meetings, at which he spoke exclusively on this subject, Mr. Meakin devoted thirty minutes each evening of his talks on fraternal topics to a discussion of the cause of Utah. In the talks, on the trains, everywhere, were found people anxious to hear something of the "Mormon" question, especially something about "mental Utah," and he availed himself of the opportunity to enlighten enquirers.

Mr. Meakin found it impossible to respond to all the invitations extended to him to speak. He says there are at least a dozen ministers and semi-ministers going over the country continually, misrepresenting and abusing the people of this state. The harassment of these persons keep thousands of people from coming to these parts in quest of homes and to engage in business. The lectures delivered by Mr. Meakin have been well attended, and a great deal of prejudice has been removed. Men of intelligence have visited him after hearing his talks and have confessed to a change of opinion relative to actual conditions in Utah. When once a hearing can be had, it is a comparatively easy matter for a friend of Utah to disabuse the average American mind from the false notions engendered by people engaged in falsehood and defamation against the people of this state.

Mr. Meakin returns in the best of health and spirits, and he reports having had a pleasurable time during his stay from home.

HEALTH CONDITIONS.

Report of the City Board for Week
Ending June 30.

Eighteen births were reported during the week, 8 males and 10 females; 14 deaths were reported, 11 males and 3 females; 5 shipped here for burial. There were reported 11 cases of contagious and infectious diseases consisting of 2 cases of smallpox, 1 case of diphtheria, 1 case of whooping cough, 2 cases of measles and 1 case of typhoid fever. Ten cases of smallpox, 1 case of scarlet fever, a case of diphtheria, and 1 case of epidemic cerebro spinal meningitis, remain in quarantine.

MURPHY FOUND GUILTY.

Brutally Assaulted a Woman Who
Claimed to be His "Wife."

Joseph W. Murphy, a lineman who was recently arrested on the charge of brutally beating a woman who claimed to be his wife, was placed on trial this morning in Judge C. B. Dehn's court. The only witness examined was the woman and the defendant.

The complaint took the stand and declared that she was the wife of the defendant and that on last Saturday he demanded money from her and because she refused to give it, he knocked her down and kicked her several times about the head and body. The woman was in a deplorable condition; both eyes were discolored and she stated that her entire body was covered with cuts and bruises inflicted by the cowardly fellow.

On cross examination the woman got somewhat tangled in her statements and finally admitted that she was not the wife of Murphy but was "merely living with him." She also admitted that she was addicted to drinking and was drinking more or less heavily on the day of the assault.

Murphy testified that he had been trying vainly to get rid of the woman for the past year or so. He admitted that he had lived with her for more than two years, and that he raised no objections to her holding him out as her husband. But this testimony made no difference as to the assault, and Judge Dehn found the fellow guilty and set Monday afternoon as the time for sentence.

TRAIL BLAZERS POSTPONE TRIP

Southern California Pioneers Will
Not Come to Salt Lake
In July.

NO PASSES ARE ALLOWED.

Senator Clark Says This Is Due to Interstate Commerce Law and Heavy Expense of Washouts.

The anticipated reunion of the trail blazers of southern California, with the pioneers of Salt Lake valley, will not take place in July of this year, as has been planned.

Following the visit of the Utah pioneers to southern California last year, an invitation was extended to them to return to this end of the pioneer trail, and see what great changes have been wrought since the days of '47. Until recently plans to that effect were being carried out, but now it seems that an unforeseen hitch has occurred in the matter of transportation, and the trip has been postponed. The Salt Lake Route has found it impracticable to offer transportation, or to make any better rate than \$30 for the trip, which it explains is half its full first class rate for the round trip.

W. C. A. Smith, Jr., who has worked up plans for the entertainment of the California delegation today brought the "News" the correspondence relating to the case, which accounts for the postponement, and stated that it was a sad disappointment to the Utah boys who had perfected all arrangements, and were looking forward eagerly to the opportunity of entertaining the California trail blazers. He added that arrangements would be completed soon to bring the "old boys" over for a reunion that will be postponed from July 24th to some time in the future.

SENATOR CLARK'S LETTER.

The text of the letter from Senator Clark, making known the impracticability of offering transportation, is as follows: It was written to W. H. Workman of the Pioneer society, from 40 Wall street, New York, June 19, 1906. "I received your message of the 19th which reads as follows: 'Pioneer Society of Los Angeles and San Bernardino county have been invited by Utah pioneers to participate in celebration of the anniversary of the first settlers of Utah. Will your road furnish free transportation for three cars? If so, we will and instruct your office here.' which I replied as follows, and hereby confirm: 'Regret very much we are obliged to decline your application for free transportation for Pioneer's society. Have written.'"

THE COMMERCE COMMISSION.

"In opening the road we freely gave considerable free transportation over the road both ways to the people of both cities, but at the present time we are obliged to discontinue free transportation; in the first place under the interpretation of the interstate commerce law we cannot, except under violation of the same, give free transportation to the people proposed in your message without throwing it open, and besides, we have sustained an enormous loss in the washouts, which will require a large sum to repair, besides the loss in business, and we cannot consistently do anything in the way of free transportation at present."

VISIT POSTPONED.

The letter was forwarded to Salt Lake, with a letter from President John Brown, Jr., of the southern California pioneers, in which he expressed his regret that the old pioneers could not come at this time. Mr. Brown declares in his letter that "the communications are definite, to the effect, and discontinue the visit. The few who are able of the old pioneers to pay this rate and other expenses, will not go and leave behind them the many worthy and deserving of the trail blazers and real path finders who are prevented from coming on account of the cost, so we have reluctantly been forced to conclude to postpone the visit to some future time. While this is a sad disappointment, keenly felt, we must not be disappointed if we are bound to come to gether some time."

APPRECIATE KINDNESS.

"We are under a thousand obligations for the warm-hearted letters you have written us assuring us of the cordial welcome you and the good old boys and girls were preparing, the fine program you had arranged, and comforts you had prepared to make the 50 years since pioneer days slip off our shoulders to let us rejoice in being young once more."

Mr. Brown also stated that he had submitted the letters to each organization of pioneers in southern California, and anticipated that they would all follow the lead of the San Bernardino organization, and postpone the visit, although he thought possibly a few would avail themselves of the rate of \$30 to come over to visit friends.
